DEPUTY COMMISSIONER'S OFFICE. 22 APR. 1930 HASSAN.

Through the Deputy Commissioner, Hassan District.

Sir,

I have the honor to state that the question of lighting the lamps throughout the nights in all important Musafirkhanas and Travellers Bungalows which are under the management of the District Board was considered by the Board at their meeting held on 28th June 1928, during the discussion of Budget estimates, to facilitate the travellers coming to the institution during untimely hours at nights, and the Board resolved that lamps be kept burning throughout the nights in all important musafirkhanas and Travellers' bungalows which are under the management of the District Board.

The musafirkhana at Sravanabelgola being one of the important musafirkhanas which is the only place available for camping at the place, numerous pilgrims and leading persons will be alighting every now and then, it is quite essential that a lamp should be kept burning during the nights; The District Board have also resolved at their meeting held on 12th April 1930, that a fee at the rate prescribed for 3rd class Travellers' Bungalows, may be levied in future in this and two other musafirkhanas in the District.

Sir,

With reference to your letter No.L.2728/L.B., 27-29-67, dated 27th Septr.30, enquiring me why the District Board propose to levy enhanced fees in the Ramanathapur musafirkhana which is not proposed to be lighted during nights and why it is not proposed to levy enhanced fee in the musafirkhana at Hassan near Civil Hospital, which is proposed to be lighted during nights, I have the honor to state that the District Board have not taken lighting as the only criterion for the levy of fees in the musafirkhanas but have considered the question of their constant occupation either by very poor or middle class people, And have accordingly decided to levy fees in the Ramanathapur musafirkhana which is not usually resorted to by poor people, as the building is situated about half a mile distant from the village.

As regards the musafirkhana near the Civil Hospital at Hassan, I have to state that it is quite necessary to have a light in the institution during nights as this is a more important centre of the Municipal town where the ordinary travelling poor public who
